PROJECT MEETING PACKET

Be-YOU-tiful Boutique by Michele

Your website, where we are and what's next

Prepared for Michele · Friday, September 25, 2026

Amber Mingione · LaunchWell Brands
(239) 770-4924 · buildwith@launchwellbrands.com

Keep this copy — write on it, circle things, bring it back.

Your site is built and ready to review

Launch target
Oct 15, 2026
20 days from today

Your store
shopbeyoutifulboutique.com
Site is built, private until launch

Project
$1,000 flat
$500 deposit received · $500 at go-live

What is finished

DONE	**Design approved.** Soft iridescent pastels — ivory, lavender and blush — with your holographic peacock logo.
DONE	**Homepage.** Peacock logo in the center, outfit slideshows on both sides that change together every 5 seconds. Tap any outfit to open its shop-the-look page.
DONE	**Shop the Look pages.** Photo of the outfit on one side, every piece priced and shoppable on the other, plus "Goes with it" suggestions. Four sample looks are live in the draft.
DONE	**Pages.** About, Visit Us, Contact, Questions (FAQ), Size Guide and Shop the Look are in place. About and Visit Us have starter text for you to correct.
DONE	**Shop structure.** Nine collections that fill themselves (New Arrivals, Sale, Clearance and more), filters, size and color pickers, cart and checkout.
TESTING	**Sample products.** 18 pretend products with pretend prices are loaded only so we can test the shop. They are removed before launch and replaced by your real inventory.

Store hours we are showing (please confirm):
Mon 11–4 · Tue–Fri 10–5 · Sat 10–4 · Sun 10–5 · In-store pickup offered
264-A W Marion Ave, Punta Gorda, FL 33950 · (941) 369-1628

Five things between us and launch

	STEP	WHAT IT MEANS	WHO
1	**Write your About page**	I write it in your voice from a few of your answers (questions on page 5). You read it and tell me what to change.	Amber writes Michele approves
2	**Review the site → edits**	Look through every page on your phone and on a computer. Circle anything that is off. I make the changes. Two rounds of revisions are included.	Michele reviews Amber edits
3	**Sync products with Epos and Faire**	Products, prices, sizes and stock stay matched between your register, your website and your Faire wholesale account, so you enter an item once.	Both
4	**Set up your rewards program**	Customers earn points in the store and online and redeem them for discounts. Built with tools you already have, so there is no monthly rewards-app fee. Details on page 4.	Amber builds Michele picks the rules
5	**Test the custom features before launch**	I test everything built just for you: the homepage slideshows, shop-the-look pages, forms, sizing, the Epos sync and the rewards, with real test purchases from a phone.	Amber tests Michele spot-checks

Good news from Epos. Epos has an app in your back office that gives a two-way sync with Shopify. Add a product in either place and it appears in both. It also carries over customer details and order history. That makes step 3 much easier.

Not on this list, by your choice: SEO (search ranking) work. If you ever want it later, we can plan it as its own project.

Register, website, wholesale, rewards

Epos Now your register ↔ **Shopify** your website ↔ **Faire** wholesale

Product sync (step 3)

- Enter a product once; it shows in Epos and on the website.
- Sizes, colors, brands and categories carry across.
- Customer details and order history sync too.
- We finish this before the launch date, then replace the sample products with your real ones.

Rewards (step 4)

- Shoppers earn points for every purchase, in store or online.
- Points turn into a discount on a later purchase.
- Balances show in their account on the website.
- Runs on Epos, Shopify and Zapier, so no rewards app subscription.

How the rewards program is wired (plain English)

Epos register sale Epos connection key → **Zapier** the messenger → **Shopify customer** points saved here

Three pieces: an Epos connection key from your back office, a Shopify admin connection for your store, and a Zapier "webhook" that passes each sale between them.

Rules for you to choose (circle or write in)

Points earned per $1 spent	1 2 other: _____
Points needed for a reward	100 250 other: _____
Reward value	$5 $10 other: _____
Bonus for joining	Yes / No amount: _____
Birthday bonus	Yes / No amount: _____
Points expire?	Never 12 months other: _____

Confirming: the exact steps to switch on the Epos sync app and Faire connection, and any fee Epos or Faire charges for them, are being verified and will be confirmed before we turn them on.

Checklist for this week

- ☐ **Confirm the address** — 264-A or 264 W Marion Ave?
- ☐ **Confirm store hours** (page 2)
- ☐ **Your last name** spelled as you want it on the site
- ☐ **Epos back-office login help** — install the sync app and get the connection key
- ☐ **Faire account** — are you on Faire already?
- ☐ **Rewards rules** (page 4)
- ☐ **Shipping, pickup and return terms** — your real policy so I don't guess
- ☐ **More phone photos** — storefront, inside, you. (Your try-on photos are already in.)
- ☐ **Original logo file** (Canva or printer file)
- ☐ **Your first real products** — or approve syncing them from Epos
- ☐ **Review the site** and mark edits
- ☐ **Look details** — which pieces go with each outfit
- ☐ **Domain** — ok to connect shopbeyoutifulboutique.com?
- ☐ **Final $500** when the site goes live

About page — your answers (3 to 5 sentences is plenty)

1. How did the boutique start, and what made you open it?

2. What do you want every woman to feel when she walks in or shops your site?

3. What makes Be-YOU-tiful different from other boutiques, and what should we say about size XS to 3X?

4. Anything about your faith, community or Punta Gorda you want included or left out?

A proposed schedule to October 15

WHEN	WHAT HAPPENS	STEPS
Sep 25 – Oct 1	Meeting today. You answer the About questions and start reviewing the site. I write your About page and start the Epos connection.	1, 2, 3
Oct 2 – Oct 8	I make your edits. Products sync from Epos; Faire connection set up. Rewards program built and rules applied.	2, 3, 4
Oct 9 – Oct 13	Full testing on phone and computer with real test purchases. Sample products removed. Final walk-through together.	5
Oct 14 – Oct 15	Site goes live, domain connected, final payment, quick training on adding products and editing looks.	Launch

Dates are a proposal. The schedule depends on your answers, photos and Epos access arriving on time. Launching later is fine; launching sooner is possible if things come in early.

What is included, and what is not

Included

- Custom Shopify site and shop-the-look pages
- Two rounds of design revisions
- Store setup: pickup, shipping, payments, tax, policies, domain
- 30 days of support after launch

Paid directly by you

- Shopify subscription
- Domain name (about $15–20 a year)
- Product photography
- Any Epos or Faire fees

Who to call: Amber · (239) 770-4924 · buildwith@launchwellbrands.com. Text a photo of anything that looks off, that is the fastest way.
