Be-YOU-tiful Boutique by Michele

WEBSITE PROJECT
SEPTEMBER 2026

PREPARED FOR MICHELE & AUNDREA

Your new website, all in one place.

The design, the three things I need from you, the photo list, and the proposal — printed so you can flip through it at the counter.

DESIGN STATUS	LAUNCH TARGET	YOUR PART
Homepage done · ready for your yes	October 15, 2026	3 steps · about 20 minutes + photos

Punta Gorda, FL · launchwellbrands.com

HELLO

How to use this booklet

Read the first two pages. Everything else is reference.

Michele, Aundrea — the portal was more confusing than it should have been, and that's on me. So here's everything on paper. You can mark up these pages with a pen and hand them back to me, or do the same three steps in the portal on your phone. Either way works and I'll take it from there.

Pages marked **you** need something from you. Pages marked **keep** are for your records.

3 **Your portal in 3 steps** — YOU
The whole job in one page. If you read nothing else, read this.

4 **Your homepage design** — KEEP
Desktop and phone. Beige boxes are where your photos go.

6 **Website decisions — 14 quick questions** — YOU
Each has my suggested answer already ticked. Change only what you'd change.

9 **Photo shot list** — YOU
Ten photos from a phone. No photographer needed.

11 **Proposal & agreement** — YOU · SIGN
$1,000 flat, what's included, what's not, and the timeline.

14 **Today's meeting** — TOGETHER
The handful of things we'll settle together while I'm here.

15 **What happens next & how to reach me** — KEEP
Timeline to launch and my direct contact.

LAUNCHWELL BRANDS · START HERE

Your portal in 3 steps

For Michele & Aundrea — everything you need to do, on one page

Your homepage design is finished. I only need three things from you before I build the live store. Open your portal (the link is in your email from Assembly — or just ask me to resend it), and you'll see the three steps listed in **Requests**. Do them in any order.

1 STEP

Look at the design, then say yes or no

Tap `Step 1 of 3`. You'll see a picture of your homepage — desktop and phone. If you like it, tap `Approve`. If you want something changed, type it in the reply box. That's it.

About 3 minutes

2 STEP

Answer 14 quick questions

Tap `Step 2 of 3`. The questions are things like "Do you want a mailing list signup?" Each one already has my suggested answer — if you agree, you don't have to write anything. Reply with only the ones you'd change.

About 15 minutes

3 STEP

Send me 10 photos from your phone

Tap `Step 3 of 3`. There's a short list of what to shoot (the shop from the front door, the gowns rack, one photo per category, and one of you). Take them on your phone and upload them right there in the reply.

A morning in the shop, then 5 minutes to upload

Where are my files?

Tap **Files** in the left menu. Your homepage preview (desktop and phone), the logo pack, and your proposal are all there. Tap any file to view it or download it.

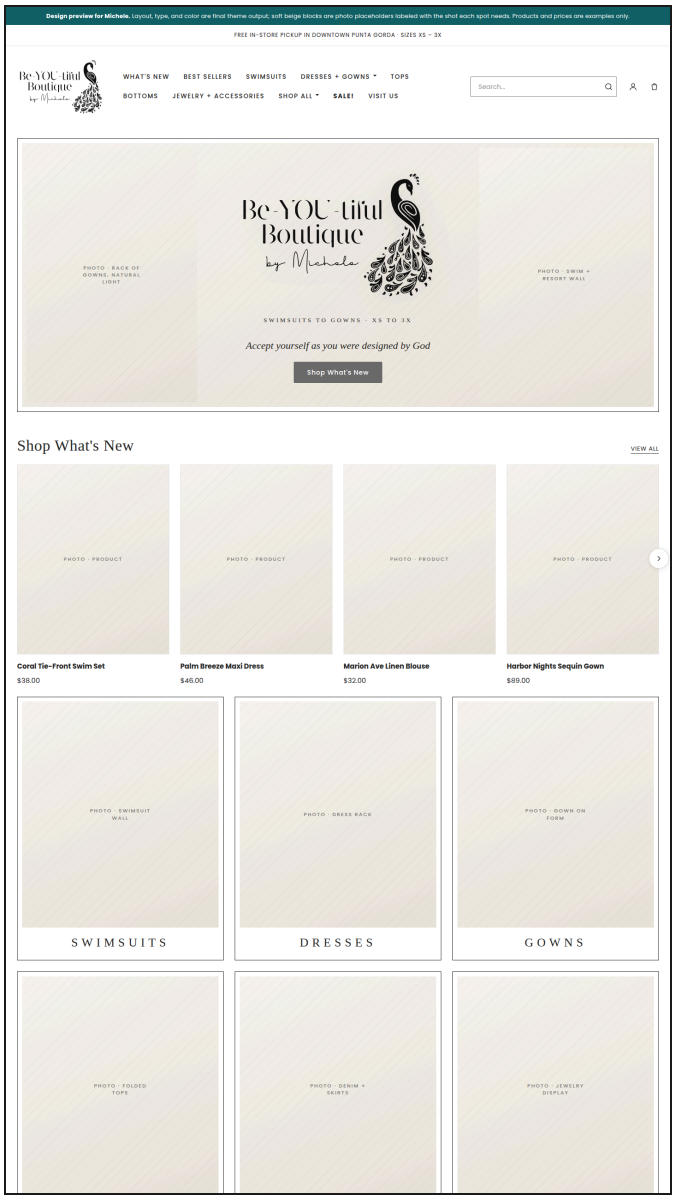

Stuck or unsure?

Tap **Messages** in the left menu and just type your question — no wrong way to do it. I answer within one business day. Or text me and I'll walk you through it on the phone.

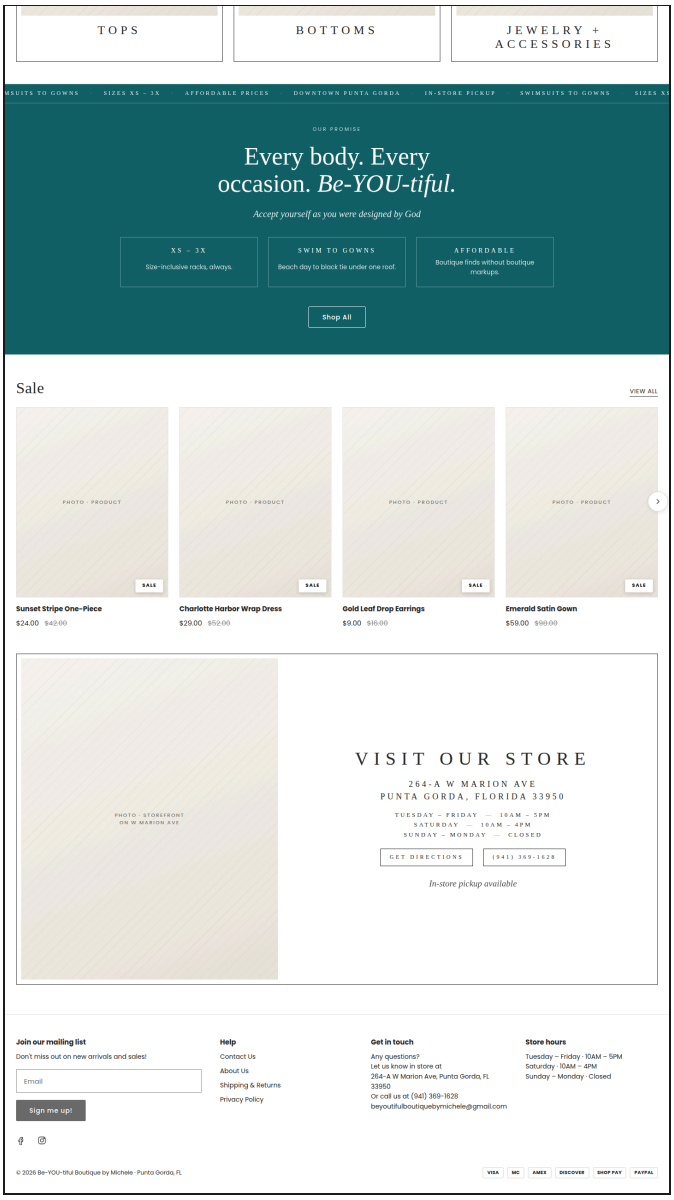

> **Two of you, one portal.** Michele and Aundrea both have access — either of you can reply to any step. Easy split: Michele does Steps 1 and 2, Aundrea does the photos. — Amber, LaunchWell Brands

The design, on a desktop

Styled after the Smith + Co. site you love — clean white, thin black frames, your peacock front and center

Top of the page: header with your categories, hero with your logo, "Shop What's New", and the first category tiles.

Continuing down: remaining categories, the teal "Every body. Every occasion." promise band, Sale row, Visit Our Store, and the footer.

Beige boxes = your photos
Each one is labeled with the shot that goes there (see the shot list).

Products are examples
Names and prices are placeholders. You load the real ones.

Colors from your logo
Peacock teal, ink black, linen. Nothing invented.

The design, on a phone

This is how most of your shoppers will see it

Menu button, centered logo
Search, account and bag icons on the right — the same pattern shoppers already know.

Tiles stack in one column
Every category gets a full-width photo, tap to shop.

Hours and map on the page
Tap-to-call phone number and Get Directions button in Visit Our Store.

Your Website Decisions

14 quick choices that let us finish your Shopify store

Michele — the design is built and waiting on you. Everything below is a plain-English question with the answer we'd pick if you said "you choose." Answer in the portal form (fastest), or print this, mark it up, and snap a photo. Nothing here is technical, and nothing is final until you say so.

Part 1 · The look

1 Do you approve the homepage design?

Open *Files → 01 Design Preview*. It matches the Smith + Co. site you liked: white, clean, thin black frames, your logo front and center.

☐ Yes, build it ☐ Yes, with the changes I've listed ☐ Let's talk first

2 The teal accent band

We pulled a deep peacock teal from your logo for one bold stripe on the homepage ("Every body. Every occasion. Be-YOU-tiful."). Smith + Co. is pure black-and-white; this is the one thing that makes the site yours.

☐ Love it, keep it ☐ Make it black & white like the reference ☐ Try a different color: ____

3 Your logo

We rebuilt your Facebook logo as a crisp vector (Files → 02 Logo & Brand). If you have the original file from whoever designed it, upload it to *03 Your Photos → Logo original* and we'll swap it in for print-quality.

☐ The rebuilt version is fine ☐ I'll upload the original

Part 2 · What you sell

4 Shop categories (these become your menu)

Check the ones you carry, cross out the ones you don't, add any we missed.

☐ New Arrivals ☐ Swimsuits ☐ Dresses ☐ Gowns ☐ Tops ☐ Bottoms

☐ Jewelry + Accessories ☐ Sale ☐ Add: ________

5 Sizes

Your Facebook says XS to 3X. Confirm, and tell us if you want a size chart on every product page.

☐ XS – 3X, correct ☐ Different range: ____ ☐ Yes, add a size chart

6 **Best sellers to feature first**

Name 4–8 items (or brands) you'd want on the homepage the day we launch.

Part 3 · How you sell

7 **Shipping or pickup?**

Our default: free in-store pickup at 264-A W Marion Ave, plus flat-rate shipping in the U.S.

☐ Pickup only for now ☐ Pickup + flat-rate shipping ($____)

☐ Pickup + free shipping over $____

8 **Ways to pay**

Cards and Shop Pay are automatic with Shopify. Buy-now-pay-later (Sezzle / Shop Pay Installments) is popular for gowns and event wear.

☐ Cards + Shop Pay ☐ Add PayPal ☐ Add pay-in-4 installments

9 **Returns**

Boutiques usually do store credit or exchange within 14 days, final sale on swim, jewelry, and clearance. What's yours?

10 **Store hours & announcement bar**

We're showing: Tue–Fri 10–5 · Sat 10–4 · Sun–Mon closed, and the top bar reads *"Free in-store pickup in downtown Punta Gorda · Sizes XS – 3X."*

☐ Hours correct ☐ Announcement text approved ☐ Change to: ____

Part 4 · Your name online

11 **Website address**

Rank your top three. We'll check which are available and register your favorite (about $15–20/yr).

☐ beyoutifulboutique.com ☐ beyoutifulbymichele.com ☐ shopbeyoutiful.com

☐ Other: ____

12 **Social links to show**

Facebook is already in. Anything else?

☐ Instagram @_____ ☐ TikTok @_____ ☐ Facebook only

13 Email list

The footer collects emails ("Join our mailing list"). Want us to send a welcome discount automatically?

☐ Yes, 10% off first order ☐ Yes, different offer: _____ ☐ Collect emails, no offer yet

14 Your story (About page)

Three to five sentences in your own words: why you opened the boutique, who it's for, and what "Be-YOU-tiful" means to you. Your line "Accept yourself as you were designed by God" already has a home on the site.

.....

.....

.....

> **What happens next.** Once you answer, we create your Shopify store, load your categories, and send you a private preview link. You add products at your own pace — we'll show you how in a 20-minute screen share. Launch happens when you say go.

LAUNCHWELL BRANDS · WEBSITE PROJECT

Photo Shot List

Ten photos from your phone, and the site fills itself in

You don't need a photographer. Your iPhone in daylight beats a studio shot that looks like a catalog. Shoot everything **horizontal and vertical** when you can, stand back a little farther than feels natural, and upload straight to the portal folder named for each shot — *Files → 03 Your Photos*. Upload originals; don't screenshot or text them to yourself first.

> **Three rules that make phone photos look expensive:** turn off the flash and shoot near the front window · wipe the lens · hold the phone level (turn on the grid in Camera settings). Portrait mode is fine for jewelry, off for racks.

FOLDER · HERO

1. The money shot

Wide view of the shop from the front door, racks and mannequins visible, no people. Landscape. This sits behind your logo at the top of the homepage.

FOLDER · HERO

2. Gowns, natural light

A rack or mannequin of gowns near the window. Landscape and vertical.

FOLDER · STOREFRONT

3. The front of the store

From across Marion Ave, sign readable, door in frame. Best around 9am or 5pm when the light is soft. Vertical.

FOLDER · CATEGORY TILES

4. Swimsuits

One full display — the wall, a rack, or a styled mannequin. Vertical.

FOLDER · CATEGORY TILES

5. Dresses

Rack shot, mixed colors, hangers evenly spaced. Vertical.

FOLDER · CATEGORY TILES

6. Gowns

One gown on a form, full length. Vertical.

FOLDER · CATEGORY TILES

7. Tops

Folded stack or rack. Vertical.

FOLDER · CATEGORY TILES

8. Bottoms

Denim/skirt shelf or rack. Vertical.

FOLDER · CATEGORY TILES

9. Jewelry + Accessories

Display stand, close-ish, portrait mode OK. Vertical.

FOLDER · MICHELE

10. You

In the shop, smiling, not posed. For the About page. Vertical.

Product photos (when you're ready)

SHOT	HOW
Front, on hanger or form	Plain wall behind, whole garment in frame, vertical. This is the main photo.
Detail	Fabric, print, or neckline close up.
On a body (optional)	Mirror selfies sell — Smith + Co. uses them for every clothing item. Mixed sizes on models sells more.

Name product photos with the item name (e.g. *coral-swim-set-front.jpg*) or just tell us the price and size range in the portal — we'll do the rest.

LAUNCHWELL BRANDS · PROPOSAL

Your Shopify Website

Prepared for Michele · Be-YOU-tiful Boutique by Michele

PREPARED BY
Amber Mingione · LaunchWell Brands · Punta Gorda, FL

DATE
September 2, 2026

GOOD THROUGH
September 16, 2026

Michele — you told me you love the Smith + Co. website and want that same clean, boutique feel for your own store. Here's exactly what I'll build, what it costs, and what I need from you. The design is already done and waiting for you in your portal, so once you say yes we go straight to your live store.

Complete Shopify website — design, build, launch
Flat price. No hourly surprises. Includes everything listed under "What you get."

$1,000
ONE-TIME

Payment: $500 to begin · $500 when your site goes live. Card, ACH, or check — an invoice arrives through your portal.

What you get

- A custom Shopify theme styled after your reference site — clean white, thin black frames, your peacock logo front and center
- Homepage: hero, What's New, six category tiles, "Every body. Every occasion." promise band, Sale row, Visit Our Store
- Shop pages for every category, product pages with sizes XS–3X, cart, and secure Shopify checkout
- About, Contact, Visit Us, Shipping & Returns, and Privacy pages
- Mobile-first — looks right on every phone (most of your shoppers)
- Your logo rebuilt as a crisp vector, plus favicon and social-share images
- Store setup: local pickup, shipping rates, payments (cards, Shop Pay), tax, policies, domain connected
- Email list signup in the footer, Facebook and Google Business Profile linked
- Your first 12 products loaded with you on a 30-minute screen share so you can add the rest yourself
- 30 days of post-launch support for fixes and "how do I…" questions

Not included (so there are no surprises)

- **Shopify subscription** — paid by you directly to Shopify (Basic plan, about $39/month; Shopify often runs a first-month trial)
- **Domain name** — about $15–20/year; I'll register your pick and connect it
- Product photography, or entering products beyond the first 12 (available as an add-on)
- Paid apps (reviews, loyalty, buy-now-pay-later beyond Shop Pay Installments) — recommended only when sales justify them

Timeline

WEEK 1	You approve the design and answer the 14 Website Decisions in your portal. You send your 10 phone photos.
WEEK 2	I create your Shopify store, load your categories and pages, connect your domain, and send you a private preview link.
WEEK 3	Screen share: we load your first 12 products together. You review the full site on your phone. Final tweaks.
LAUNCH	Target: **OCTOBER 15, 2026**, or sooner if your photos and decisions come in early.

What I need from you

- Design approval and the 14 decisions (about 20 minutes — both are in your portal)
- 10 phone photos following the shot list, and your original logo file if you have it
- Your Shopify account (I'll walk you through the 5-minute signup) and the $500 deposit
- Three to five sentences about you and the boutique for the About page

The fine print

Revisions. Two rounds of design revisions are included before launch. Changes after launch fall under the 30-day support period or a care plan.

Ownership. The site, theme, and all files are yours once the final payment clears. Your Shopify account is in your name from day one — I work as a collaborator, never the owner.

Content. You confirm you have the right to use the photos, logo, and text you provide.

Timing. The schedule depends on receiving your approvals, photos, and access on time; delays on either side move the launch date, not the price.

Cancellation. Cancel any time before launch; the deposit covers work completed to date and you keep the design files.

After launch. Optional LaunchWell Care Plan (updates, backups, monthly performance snapshot) available separately — no obligation.

Michele Mansfield · Be-YOU-tiful Boutique by Michele · Date

Amber Mingione · LaunchWell Brands · Date

Approve in your portal or sign and return — either one starts the project. Questions? Message me in the portal or call. I'm excited to build this with you.

TOGETHER · TODAY

Today's meeting

Six things to settle while I'm in the shop — fifteen minutes, tops

- ☐ **The design: yes, or what to change?**
  Look at pages 4–5. A yes here is Step 1 done.
- ☐ **Your exact street address for the website and Google.**
  I have 264-A W Marion Ave — you mentioned that isn't quite right. Write the correct one below.
- ☐ **How your name should appear on the About page and the agreement.**
  Michele _____ · Aundrea's role on the site: _____
- ☐ **Pick a web address.**
  ☐ beyoutifulboutique.com ☐ beyoutifulbymichele.com ☐ shopbeyoutiful.com ☐ other: _____
- ☐ **Shopify account.**
  Five-minute signup in your name; I'll walk you through it on your phone. Email to use: _____
- ☐ **Sign the proposal (page 13) and the $500 deposit to begin.**
  Card, check, or the invoice I'll send through the portal — your choice.

Notes

From here to launch

Target: October 15, 2026 — sooner if your photos and answers come in early

THIS WEEK	WEEK 2	WEEK 3	LAUNCH
You approve the design, answer the 14 questions, and shoot the 10 photos. Deposit received.	I create your Shopify store, load your categories and pages, connect the web address, and send you a private preview link.	Screen share: we load your first 12 products together. You review the whole site on your phone. Final tweaks.	Site goes live. Final $500. Then 30 days of "how do I..." support included.

Three ways to reach me

Portal: tap Messages on the left, type anything. **Text or call:** the number on my card. **Email:** buildwith@launchwellbrands.com. I answer within one business day, usually the same day.

> **Handing the booklet back?** Totally fine. Mark up the decisions pages, sign the proposal, and I'll enter everything into the portal for you. Photos can come by text.
